

OTTERHAM & ST JULIOT

Prioritisation

Steering Group volunteers used the base line data produced by CRCC to prepare laminated cards displaying issues highlighted through the Otterham and St Juliot Household Survey. These were mounted on Display Boards with Parish maps, and a “Post it” Notes comments board. Volunteers then took the Display Boards with a “I’m having my say leaflet, a copy of the questionnaire, the Appraisal Summary and additional comment sheets to a series of venues and local events over a period of one month.

These included:

A special “Stakeholders” Evening, The School on Sports Day, Community Lunch, Keep Fit Classes, A group service at Otterham Church, Whist Drive, Julioters Gardening Club, Dancing Club, to parents collecting their Children from the Little Otters Child Care Centre, WI meeting, and the Horse Shoe Inn at Tresparrett for a Sunday afternoon and Evening.

A total of 10 themes were selected and participants given five dots each and asked to take a look around all the issues and use the dots to indicate which issues they thought were the most important. The reason for having a limited amount of dots was to encourage people to prioritise, and not simply stick a dot on every issue. They could choose to spread their dots over a range of issues, by placing a dot on each of the issues on the cards they felt most important. If, however, they wished to give emphasis to particular issues they could place more than one dot on any of the relevant cards, although they then had less to use on other issue cards. 150 members of the Community participated.

Support for a new village hall was outstanding, keeping other key facilities open and road safety also selected as priorities to this community.

Results

KEY FACILITIES

Total: 168

Post Office/Shop	64
Little Otters	22
Primary School	37
Church/Chapel	7
Pub	31
Footpaths	7
Make improvements to footpaths	1

Housing	12
Otterham Station	7
Marshgate	4
Tresparrett	3
No comments upon Rent or Buy	

*including negative responses

Total number of Dots issued: 750 (4 not used)

“Post It” Notes & Comments

PROW

“What about some bridleways for increasing numbers of horses in area?” “I agree”

Muck

“What!! We live in the Country – muck on roads will happen.”

“If you live in the country you have to put up with what the country produces otherwise go back to the towns!!”

Wind power

“We need power from somewhere so lets use what we have lots of in this area”

This comment was endorsed by 4 Dots.

“I think a wind farm would be ideal it’s windy enough here, make use of it.”

“I would prefer to have more wind turbines as they are beautiful & will be better than more Power Stations!”

“Wave + Wind Power Stations are a must. Not necessarily in the village but offshore makes sense.”

“With 70% of the planet covered in water, why build wind farms on land in Cornwall? What about wave power instead?”

“Do not want any more wind farms” “Nor me!”

This “post it” endorsed by 4 Dots.

“Please no more wind farms we do have enough” + 1 dot.

Road Drainage

“Additional drains in the road leading from A39 to Post office, Marshgate required to alleviate flooding into houses in times of heavy rainfall.”

Notice Board for Village Hall

“A notice board outside the hall is needed to keep people abreast of local information.”

“ A notice board outside the Village Hall to inform passers by.”

“A Parish notice board in the area of the outside of the Hall is very needed.”

“A parish notice board on the hall would reach a good number of people.”

Public Transport

“We need a public train system” “√ Agree”
